Hello everyone, I trust that by the time this newsletter is in your hands the weather has become consistently warm and sunny. My first message is that I hope you and your families are all doing well and enjoying the springtime.

The Tenafly outdoor dining program is alive again this season. Please take advantage of the good weather days and patronize our local restaurants and merchants. The outdoor dining helps increase our sense of community and enjoyment, and I am pleased that it is continuing again this year.

As we all know, the railroad crossing on Riveredge Road has become badly deteriorated. This crossing is owned by the railroad company, CSX. We have had ongoing discussions with CSX to have this road section repaired and CSX has committed to rebuilding. The Borough and CSX have held pre-construction meetings discussing the planned improvements, construction time schedules and detour routes. As soon as we have a firm date for construction, those dates will be communicated to everyone.

On March 1st of this year, the NJ Safe Passing Law went into effect. This new law provides clear rules of the road for all motorists about when and how to pass people sharing the road on foot, bicycles, scooters or wheelchairs. The Safe Passing Law requires drivers to use “due caution” whenever they see vulnerable people on the road.

Drivers must follow all current no-passing, speeding laws and move over a lane if there’s one to move into. On a single-lane road, drivers must allow at least a 4-foot safety zone when they pass, and if 4 feet is not possible on a section of road, drivers must slow to 25 mph and be prepared to stop until they can pass safely without endangering those sharing the road.

With the increase in road fatalities and serious injuries, the NJ Safe Passing Law comes at an important time. This law gives us the opportunity to build awareness and prioritize safety first, making our roads safer for everyone.

The restoration and lighting upgrades to the Roosevelt Monument have been completed. The Monument, located within Roosevelt Common on Riveredge Road, was the first to honor the 26th president of the United States, Theodore Roosevelt as an environmentalist. It is also on the State and National Registry of Historic Monuments. The cost of the project was funded in part with a fifty-percent
matching grant from the Bergen County Open Space & Historic Preservation Trust Fund. The monument was completed in 1928 by sculptor Trygve Hammer and his assistant, Fritz Hammargren. It features a two-sided sculpture that is 14 feet high adorned with a portrait of Roosevelt. Landscaping surrounds the monument, including a ring of trees designed by Marjorie Sewell Cautley, a pioneering 20th-century landscape artist. A special thank you to the Tenafly Historic Preservation committee and Chairperson, Karen Neus and Councilperson Jeff Grossman for leading and bringing this restoration to life. When you have a chance one evening, take a visit to enjoy the monument.

The rebuilding of the Bliss Avenue Bridge that was destroyed by Storm Ida is now moving from the planning stage to the construction phase. Funding, construction plans and contractors are all in place. All the utilities that run under the bridge; sewer, water and gas lines, etc. are in various stages of temporary movement to make way for the new bridge installation. We are still anticipating that the new bridge will be open by the time school starts in September. If we have any delays in the construction schedule, we will communicate that information to you.

Please, everyone have a fun and safe summer! And remember to enjoy the fireworks and concert on June 25th and our first summer concert in Huyler Park on July 5th!

Mayor Mark Zinna

SCHOOL’S OUT
SUMMER SAFETY TIPS

While motorists need to drive lawfully and carefully all of the time, we’re asking that they pay extra attention during the summer months while kids are out of school enjoying a variety of summer activities.

1. Be on the lookout. Pay closest attention at crosswalks near ball fields, playgrounds, downtown, and areas that children frequent.

2. Share the road. Be mindful that cyclists have the same rights and responsibilities as vehicles do. Be mindful of pedestrian rights and laws. Be watchful for kids and cyclists that dart out into the roadway.

3. Be careful in and around the schools. Every school has a playground, and a couple of schools will be hosting the Recreation Department’s summer camp as well as enrichment programs.

4. Pedestrians - be alert and be seen. Use sidewalks. If there is no sidewalk, pedestrians (walkers and joggers) need to face vehicular traffic in order to be able to avoid a vehicle that doesn’t see them or is drifting toward them.

5. Cyclists - be alert, be seen, and abide by the rules of the road. State law requires every rider under 17 years of age to wear a helmet, however, all cyclists are strongly encouraged to wear a helmet. Cyclists are required to abide by the laws and rules of the traffic code. That means stopping at stop signs, stopping and remaining stopped at red lights, riding single file and no more than two abreast when passing another rider to name some of the most common complaints and violations that we see and receive. Wear bright colors so cars can see you.

6. Underage Alcohol Consumption Responsibility. With the vacation season fast approaching and the increase chance of a high school or college-age teenager remaining at home alone, remember your responsibility to prevent underage alcohol consumption in your home, and the civil liability you bear in the event someone is hurt, or worse.

Residents are reminded and encouraged to sign up for the Borough’s CODERED emergency notification system to receive emergency information messages regarding matters and events that directly affect the Borough of Tenafly and/or immediate surrounding communities. Residents can sign up to receive the information via cellular phone voice messages, text messages and email messages by visiting www.tenaflynj.org under “residents” and “emergency services”. Follow the prompts to register for emergency notifications. Residents can unsubscribe at any time through the same link.
The Primary Election will be held on June 7, 2022. Polling places will be open from 6 a.m. to 8 p.m. Voters will select candidates from their respective Political Party, which includes Council and County Committee.

Voter Registration forms and Mail-In Ballot applications are available in the Borough Clerk’s Office, Bergen County Superintendent of Election’s Office, or can be downloaded from the NJ Division of Elections’ website: http://www.njelections.org

Late Night Voter Registration will be held on Tuesday, May 17th in the Borough Clerk’s office until 9p.m.

If you have any questions, feel free to contact the Borough Clerk’s Office at 201-568-6100.

BOARD OF HEALTH

FREE RADON KITS AVAILABLE
Radon is radioactive gas that comes from the breakdown of naturally occurring uranium in soil, and the radioactive gas attributes to lung cancer among non-smokers.

According to the NJ DEP, radon has been detected in 11% of Tenafly homes having radon concentrations greater than 4 pCi/L. At this level, the EPA recommends you take corrective action to reduce your exposure to radon gas in your house.

The first step to see if you have radon gas is to have your residence tested, and there are free kits available to people who live in Bergen County. You can pick one up by going to the Bergen County Health Services Office located at 220 East Ridgewood Avenue in Paramus. Call 201-634-2804, Monday to Friday from 8am to 4pm before you go to ensure that a kit ready for you.

GARDEN CLUB

Originally the Northern Valley Garden Club established in 1947, now known as the Tenafly Garden Club is celebrating its 75th Anniversary.

The Tenafly Garden Club Inc. is hoping to resume its in-person monthly meetings in September 2022.

Please visit the Rose Garden in Davis Johnson Park and Gardens. The garden is maintained by the Tenafly Garden Club Inc. members, “The Rose Buddies” and is open every day.

If you have any questions you can email Vivian DeMarco at vivcape7@aol.com

Sincerely,
Vivian DeMarco
President Tenafly Garden Club Inc.

WELCOME! COMMITTEE

Tenafly Welcome!
The Welcome! Committee has been hard at work planning a number of events to welcome our newest residents.

June 3: The Welcome! Committee distributes Welcome! bags to new residents at the 5K Run registration, Juma Fit parking lot, 38 Franklin St, from 3:00 p.m. – 6:00 p.m. The bags are filled with great useful town information.

September 7: The New Residents’ reception at Peace Plaza from 6:00 p.m. – 8:00 p.m. is a beautifully catered party with delicious food, prizes, and a chance to meet our mayor and council, and to chat with other new residents. It is the highlight event of the Welcome! Committee calendar. Written invitations will be sent in August.

We wish everyone a wonderful summer and we look forward to meeting our new residents.

The Tenafly Welcome! Committee is always open to new members. Please join us. For more information contact Roxana Surrey at TenaflyWelcomeCommittee@tenafly.net

Welcome to Tenafly.
It’s a great place to live!
BACKYARD COMPOSTING

How to get started backyard composting:

1. First things first: choose your composter of choice.
   Using a dual-chamber tumbler composter is recommended. It is easy to build, use, keeps pests out, and doesn’t blow over.

2. Now, start collecting your food scraps!
   You can keep a small countertop composting receptacle in your kitchen, or if you have space in your freezer, keep food scraps frozen until you are ready to deposit them in your garden.

What can go into compost:

Apple cores, banana and orange peels, coffee grinds, eggshells, melon rinds, yard waste like leaves and grass.

What cannot go into compost:

Meat, dairy, bones, grease, whole eggs, sauces, pet feces, diseased plants

Tips:

Try and remove produce stickers from peels at this stage. They can be taken off later, but now is easiest.

Small pieces decompose faster so slice up scraps now for faster decomposition. Placing your bin in a sunny spot will also speed up decomposition.

3. Once you’ve placed your composter in your yard, you can get started with 4 ingredients:
   - Brown material – leaves, sawdust, and twigs
   - Green material – food scraps, flowers, and grass clippings

   • Water – if the bin is not in a place where it could get rained on, be sure to regularly add water to your mix. The pile should be kept moist, but not soggy.
   • Oxygen – your compost setup needs to have ventilation flaps. Regularly turn your compost. Which can be done with ease with a dual tumble turn because of its design.

Now, in a matter of weeks to months, with regular water and turning, you will have compost! Any non-decomposed material can be used for your next batch. It is as easy as that! Your compost is rich in nutrients and biodiversity – perfect for your garden.

But what if you are having some issues…

Trouble-shooting guide

<table>
<thead>
<tr>
<th>Symptom</th>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rotten odor</td>
<td>Excess moisture material tightly pack</td>
<td>Turn pile, or add dry, porous material; turn pile, or make pile small</td>
</tr>
<tr>
<td>Ammonia odor</td>
<td>Too much nitrogen</td>
<td>Add high carbon material, such as sawdust, wood chips, or straw</td>
</tr>
<tr>
<td>Pile is dry</td>
<td>Not enough water; too much woody material</td>
<td>Turn and moisten; add fresh green waste</td>
</tr>
<tr>
<td>Pile is wet but not composting</td>
<td>Lack of nitrogen</td>
<td>Add fresh green waste</td>
</tr>

Stay fire safe this summer! Follow these grilling safety tips.

Only use your grill outside. Keep it at least 3 feet from siding, deck rails and eaves.

Keep a 3-foot safe zone around your grill. This will keep kids and pets safe.

Open your gas grill before lighting.

Keep an eye on your grill, fire pit or patio torches. Don’t walk away from them when they are lit.

Clean your grill after each use. This will remove grease that can start a fire.

Place the coals from your grill in a metal can with a lid once they have cooled.

The Tenafly Fire Department is an ALL Volunteer department and we could always use new members. We seek volunteers starting at the age of 18.

We also have a junior/cadet program that begins at the age of 14 and allows for those members to learn about the fire service, then at the age of 18 can be full-fledged firefighters.

If you have any questions or interest call the fire department at 201-568-9269.

Stay fire safe and healthy!
TENAFLY VOLUNTEER AMBULANCE CORPS

CELEBRATES 30 YEARS OF SERVICE

Aside from responding to approximately 800 medical emergencies throughout the Borough of Tenafly and surrounding towns a year, the Tenafly Volunteer Ambulance Corps (TVAC) provides assistance at all community events. As Summer approaches, TVAC is working tirelessly to prepare for all of Tenafly’s Summer events. Our members will be on standby to ensure your safety at all of your favorite Summer events including but not limited to:

JCC’s Rubin Run · Tenafly 5k · Memorial Day Parade · Pride Flag Raising and Parade · TMS Graduation · THS Graduation · Fourth of July Fireworks

The members of the Tenafly Volunteer Ambulance Corps are proud and honored to serve this community. If you would like to join the Corps or become CPR certified, please contact contact@tenaflyambulance.com.

Summer Nature Day Camps
June 27-September 2

Children who like nature love camp at the Tenafly Nature Center! Our professional Environmental Educators lead outdoor activities that are fun and educational: hiking along TNC’s trails, engaging in nature-based crafts, games and activities. Campers will learn to identify native species and understand ecosystems and habitats throughout our nearly 400 acre forest.

TenaflyNC.org/Camp-Summer

Look for it this July

Sail The Hudson

Join TNC this summer and enjoy a relaxing sail aboard a local historic tall ship. Each themed sail will let participants experience the beauty of the river while enjoying NJ’s history, art, music, and, of course, nature! Passengers will view the majestic Palisades and city skyline as they listen to informative presentations. Children sails contain activities that are tailored to ensure youth enjoy each voyage of discovery while learning more about the Hudson ecological systems.

TenaflyNC.org/Hudson-Sails

Knee-high Naturalists

Young children, 2-4 year olds, with an adult, will explore the natural world through a 10-week series of topics lead by a TNC Environmental Educator. Each week has a different focus emphasizing working together through discovery stations, stories and journeys outside.

For information on this and other upcoming summer programs for adults, children, and families please visit TenaflyNC.org/Seasonal-Programs

Now taking applications for the 2022-2023 school year
Forest Preschool

Children ages 3.5 to 5 years of age will have the opportunity to spend the morning or afternoon exploring the forest, developing their confidence, and laying the foundation for a lifelong appreciation of nature.

TenaflyNC.org/Forest-Preschool

A MESSAGE FROM THE TENAFLY POLICE DEPARTMENT: VEHICLE THEFT PREVENTION

The Tenafly Police Department would like to thank all residents who have heeded our repeated warnings to lock their vehicles and remove key fobs from their cars. While our department has seen a recent dip in actual motor vehicle thefts, attempted vehicle thefts and burglaries to autos are still being reported with similar frequency. In response, we have continued our proactive neighborhood patrols and thwarted multiple attempted car thefts after suspects have been spotted and chased out of town by responding officers. For those that have had their cars stolen, a key fob was left in an unlocked car allowing the thief to simply open the door, start the car, and drive away. Despite our best efforts, these thieves will continue to target our community as long as they are successful in stealing our cars. Remember to always lock your car and remove your key fobs when you park your vehicle.

Unfortunately, as we get better at locking our cars in our driveways at night, some thieves are adjusting their tactics. We are now seeing a growing number of vehicle thefts that occur in broad daylight. These daytime car thefts have been from both residential neighborhoods and business districts equally. Thieves know that you feel safe running into your local store to pick up lunch or parking in your own driveway after dropping the kids off at school. Don’t let your guard down. Don’t let complacency allow you to become another victim. Always lock your car.

The most serious change in crime trends that we have seen is a rise in carjackings around the state. The term “carjacking” is used when a vehicle is stolen from its driver by force, a threat of violence, or through intimidation. Our department has investigated one attempted carjacking earlier this year and we continue to see reports from other agencies in our region that indicate the number of carjackings are increasing. In our attempted carjacking case, the victim mistook the interaction as a road rage incident and was able to drive away before the suspect was able to get into the car. If you are the target of a carjacker, always remember that your safety and well-being are far more important than any material possession. However, we all need to be more mindful of our surroundings, especially while driving alone or late at night. If you think you’re being followed, avoid driving into secluded areas and drive towards a well-lit, populated area or to the nearest police station. Call 9-1-1 from your cell phone and provide a good description of the vehicle following you. Be aware. Don’t be a victim.

And finally, please continue to immediately report any suspicious activity to our department. We have been proud of the number of residents calling us to report suspicious activity observed in their neighborhoods. As we have said before, we would rather investigate a suspicious incident and determine it was legitimate, than respond to a report of a stolen car only to learn that the suspect was seen in the area, but no one called.

Please remember that our officers are here patrolling the streets of Tenafly, working 24 hours a day, 365 days a year trying to prevent these crimes before they occur. Thank you for helping us keep our community safe by reporting suspicious activity and for the continued support of our officers.
JEN MAXFIELD: MORE AFTER THE BREAK
Edna Kawulitzki Art Gallery
Sunday, September 18 at 12:00 p.m.
Emmy-winning reporter Jen Maxfield returns to the Tenafly Library, where she spent much of her time as a child, to discuss her first book More After the Break. In her book, Jen reconnects with the people in the most memorable stories she has covered as a TV news reporter and discovers how they’re doing years later.

Meet Jen Maxfield and have her sign your copy of More After the Break!

THE TENAFLY LIBRARY FRIENDS PRESENT THE LITTLE FREE LIBRARY AT GRIFFIN PARK
You might have noticed a little house full of books near the swings at Griffin Park. On April 19, the Tenafly Library Friends presented our new Little Free Library! If you have children’s books that you would like to donate, you can leave them in the little library, and you can take the books inside. The Little Free Library motto is, “Take a book, share a book.”

Join the Friends and help the Library provide concerts, museum passes, summer reading prizes, and more! Go to bit.ly/jointenaflylibraryfriends.

YOUR WATER AND SOCIETY - THE TENAKILL AND BEYOND
Friends Room
Tuesday, June 7 at 7:00 p.m.
Learn how our day-to-day activities affect our local water supply. Is our water safe to drink? How can we better protect our water supply? This discussion is presented by Susan Golden Education. Susan Golden, who serves on the boards of the Hackensack Tiverkeeper and the Tenafly Nature Center, seeks to help people understand how we interact with our shared home, Earth. Register at tenaflylibrary.org/calendar.

2022 SUMMER READING PROGRAM
Sponsored by the Tenafly Library Friends
June 18 - August 13

SUMMER READING OPENING DAY PICNIC
Outside the Library
Saturday, June 18, 1:00 p.m. - 3:00 p.m.

June 18 is International Picnic Day, so what better way to kick off this year’s Oceans of Possibilities Summer Reading Program for children, teens and adults than to have an old fashioned picnic with your family or friends? You bring your lunch, and we’ll supply dessert, backyard games and an edible craft for kids. Learn more about Oceans of Possibilities at www.tenaflylibrary.org/summer-reading-2022.
DEPARTMENT OF PUBLIC WORKS

Collection Box Open for USED CLOTHING AND SHOE DISPOSAL

The Tenafly Recycling & Convenience Center accepts all used clothing and shoe items for recycling. Residents may bring all of these items to the Tenafly Recycling & Convenience Center to be recycled. There is a Collection Box marked for these items. All items placed into these boxes are used, re-used or recycled into other items for use. Please consider donating these items. By reusing items we save the natural resources needed to make them and save space in landfills. Making new items from old products saves our community money, conserves natural resources and reduces pollution of air, water and soil.

TENAFLY RECYCLING & CONVENIENCE CENTER (TRCC)
Open: Friday, Saturday, Sunday & Monday
8:00 am to 2:30 pm

REGULATIONS AND REMINDERS:
1. Maintain face mask usage and social distancing procedures while at center.
2. No idling of vehicles while at center.
3. No trailers or commercially registered vehicles are permitted.
4. Plastics #1, #2 and #5 only are accepted for recycling.
5. Styrofoam, plastic bags, pizza boxes and packing material are not recyclable – place in trash.
6. Please read signage for proper disposal of items. If unsure, ask an attendant.
7. Decal issuance is suspended during Covid-19 Pandemic. Residents may receive temporary pass at the center by providing current Driver License and/or proper address documentation.

DISPOSAL OF BRANCHES AND TREE LIMBS
Sticks, branches and tree limbs from residents’ yards are collected by the garbage contractor, Waste Industries, 201-567-3100. They must be put into a garbage can and placed at the curb for pick up on your regular garbage collection days. Large branches must be cut into lengths 3 feet or less and bundled for pick up. Do not use blue borough recycling containers, as this material is not recycled.

Sticks properly tied and bundled  OR  Sticks placed in garbage cans

If the DPW office closes to the public due to Covid-19, we are still available by phone, and items may be dropped off in the mailbox.

DEP ARTMENT OF PUBLIC WORKS

DPW OFFICE & WORK HOURS:

7:00 am to 3:00 pm
Monday thru Friday

201-568-4134
107 Grove Street

Visit us on the web: www.tenaflynj.org
DEPARTMENT OF PUBLIC WORKS

SEWER STOPPAGES
The owner/occupant of premises in the Borough shall be responsible for proper maintenance and repair of all house sewer connections between the dwelling and the main sanitary sewer line. The most common causes of sewer stoppages are: grease, hair, disposable wipes, paper towels, foreign objects and root growth. Please refrain from disposing of any of these items into the sanitary sewer system. Sump pumps are not permitted to discharge into the sanitary sewer system.

In case a stoppage in the sanitary sewer occurs, the owner/occupant shall immediately notify the Tenafly DPW who shall make an inspection of the main sewer line. If the main sewer line is obstructed, it shall be the responsibility of the DPW to remove the obstruction. If the main sewer line is not obstructed, the DPW shall immediately notify the owner/occupant to proceed with removal of the obstruction in the house sewer line.

IN ALL CASES, CALL THE DPW FIRST!
CALL DPW at 201-568-4134
Regular Hours: 7:00am to 3:00pm – Monday thru Friday
All other hours, including weekends and holidays – CALL Tenafly Police Department at 201-568-5100.
The Police Department will notify the DPW.

WATER COURSES AND DRAINAGE DITCHES
Residents are responsible for maintenance of streams, water courses and drainage ditches on their property.

Section 12-4 of the Borough Code details the maintenance responsibilities of property owners and residents. It is unlawful for any owner, tenant or occupant of any lot or tract of land across which there exists any drainage ditch, ravine, stream, culvert or other water source, to permit the accumulation of loose brush, fallen leaves, tree branches, dead trees, stumps, garbage, trash and/or other debris to the extent that such accumulation presents a risk of washing downstream thereby causing a blockage of said water course, and/or flooding or damaging of adjacent downstream properties.

RECYCLING CART PROGRAM
Tenafly’s automated recycling program now uses new carts that have many advantages over our old, small bins. They roll easily to the curb without you having to carry them, they provide greater capacity for recyclables, and they reduce litter by protecting your recyclable materials from the inclement weather and animals. This makes it easier for all of us to recycle more. And the more we recycle, less materials wind up in landfills and more materials are recycled by manufacturers to use in the creation of the products and packaging we buy and use every day.

Commingled recyclable materials should be placed inside the cart with the blue lid only. You may place loose material such as glass bottles, aluminum cans, steel and tin cans and plastic containers #1, #2, #5 in this cart. No plastic bags, Styrofoam, shrink wrap or any other materials may be placed inside this cart.

Paper and cardboard recyclable materials should be placed inside the cart with the brown lid only. If needed, residents may flatten boxes to fit in the cart. No plastic bags, Styrofoam, shrink wrap or any other materials may be placed inside this cart.

The carts must be placed at the curb next to the street with the arrows facing the street. The carts must be accessible, do not place them too close to mailboxes, street signs, telephone poles or behind parked cars.

These carts will be picked up by the Borough’s new recycling trucks which are automated, meaning only 1 employee is required to operate the vehicle, thereby increasing efficiency and reducing overall costs to recycle.

Unacceptable materials increase the cost of operation and lower the value of recyclables, so please note that only carts with acceptable items inside can be picked up. No bags, no loose items and no other bins will be picked up. All recyclable materials must be inside the new carts.

If you have any questions about the new recycling program carts, please contact:
Tenafly DPW at (201) 568-4134.
